Subject: SATAjet 3000 B RP Spray Gun - Rule 74.18 Approval

Dear Mr. Bunk:

The Ventura County Air Pollution Control District (VCAPCD) has reviewed the documents that you submitted via email on December 17,2008. The VCAPCD has previously concluded that you have demonstrated that the SATAjet 3000 RP and SATAjet 3000 RP Digital spray guns have transfer efficiency equivalent to a high-volume, low-pressure spray gun and that the spray guns are capable of achieving at least 65 percent transfer efficiency. You have stated that the names of these spray guns have been changed to the SATAjet 3000.B RP and SATAjet 3000 B RP Digital, respectively, with no change in design or operation.

Therefore, pursuant to VCAPCD Rule 74.18.B.4.e, the SATAjet 3000 B RP and SATAjet 3000 B RP Digital spray guns are approved for use in operations subject to Rule 74.18, "Motor Vehicle and Mobile Equipment Coating Operations". The approval is subject to the same conditions under which the SATAjet 3000 RP and SATAjet 3000 RP Digital spray guns were approved.

If you have any questions regarding this approval, please call me at 805/645-1421 or email me at kerby@vcapcd.org.

Sincerely.

Kerby E. Zozyla, Supervisor
