

# SATA® Special Edition 2020

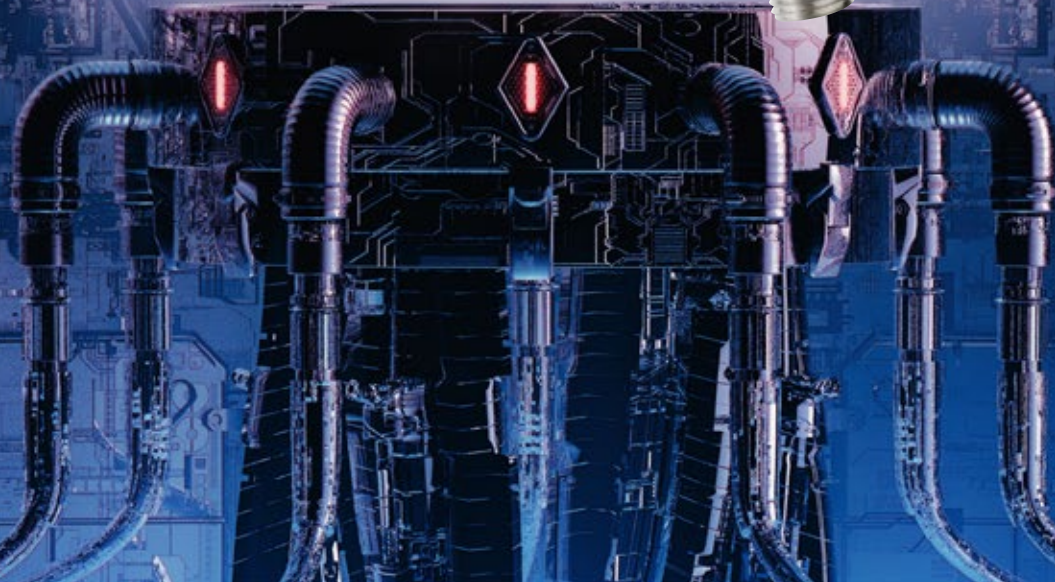

Beginning Oct. 14 - while supplies last

German Engineering

## BIONIC

**SATAjet X 5500 Bionic – Below the Surface!**

**Promotion period begins Oct. 14, 2020 - while supplies last**

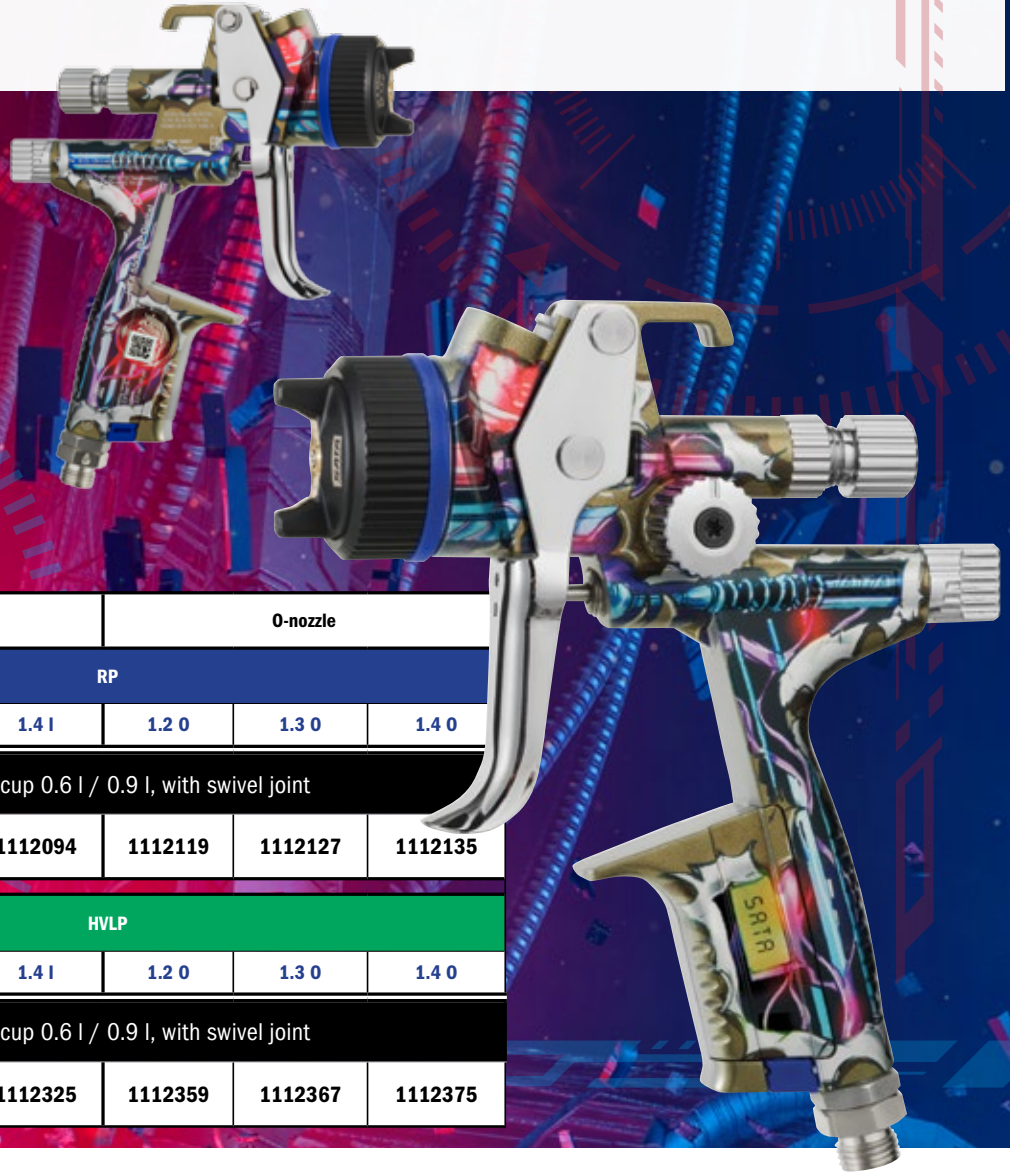

SATA spray guns do not only inspire with their stunning aesthetics, they deliver with their cutting-edge engineering. The inner workings of a SATA spray gun is something that many wish to see – and now you can! The SATAjet X 5500 Bionic reveals the unseen technology that makes your SATA spray gun so special.

The special edition spray gun SATAjet X 5500 Bionic is fully functional and suitable for the daily use in the spray booth.

- The SATAjet X 5500 premium spray gun with a unique surface coating finish
- Available in Standard (non-digital) version, in HVLP and RP technology, I & O nozzles – while supplies last
- Limited Quantities - Special Edition

**Reserve your Special Edition spray gun with your SATA dealer now!**

Please note: The intricate finishing process of the spray gun surface could lead to slight color deviations. Changes in color, for example caused by exposure to daylight, are also possible.

Canadian distribution will only be available in Standard, but the artwork on the gun is a depiction of a Digital spray gun.
