SATAjet 1000 B

Lignum 3

Wood finishing requires a profound understanding for the different types of wood and for a perfect surface texture. On top of that, it requires experience as well as the perfect tool. With the SATAjet 1000 B Lignum 3, the carpenter has the best tool to give his workpiece the final touch and to achieve a perfect finish. Convince yourself now of the wide range of nozzles and accessories for good craftsmanship and perfect surfaces.

This robust and easy to clean universal spray gun is tailor-made for the woodfinishing industry. Its comprehensive selection of nozzle sizes ranging from 0.8 to 5.0 and the availability of pressurised as well as agitator cups allows the application of a large spectrum of different paint materials: from low-viscosity wood stains, single stage materials and clearcoats to thick film stains, glues and thixotropic materials.

- Can be used for processing a wide variety of materials
 - water or solvent-based
- Sturdy, easy clean surface
- Special nozzle sets for the application of different materials, such as adhesives, textured paints, etc.
- The use of extensions from 20 – 300 cm with different spray angles is possible for special applications
